

Transforming the Achievement of Today's Ultra-Busy Professionals

"Your information is vital to our organization's future success. Your style, delivery, and material was outstanding."

– **UCLA**, Shirley Miles, ITS External Affairs

"Simply amazing!

Your content is as pragmatic, as it is poignant, as it is engaging."

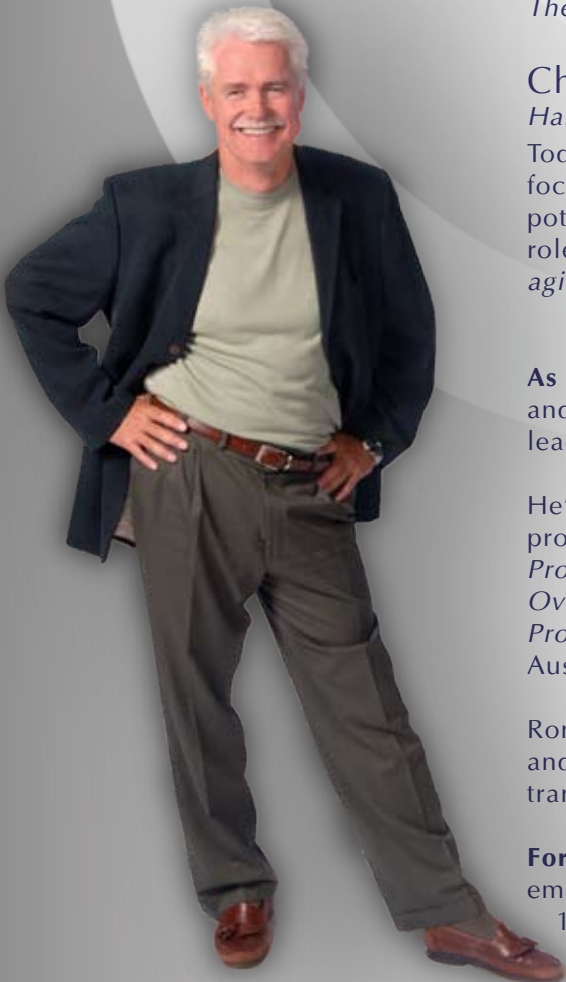

– **Quidel**, Chris Duncan, Operations Mgr

"It was phenomenal! Rave reviews! Hope to get you back again next year because I don't think the members can get enough of Ron Black!"

– **Executive Officer's Club**, Chuck Whitlock

"We've had many courses but Ron's experience and energy made this the best ever. Simple yet powerful tools..."

– **INTEL**, Joe Rollins, Dir of Training

Acrobatics for Overachievers

Control-Point Time Management for Today's Ultra-Busy Professional

This novel control-point system obsoletes traditional time management. Manage multiple priorities and projects with ease. Reduce stress, end deadline panic, and get home with more energy! *A fast and fun program that transforms productivity and achievement.*

The Art of Constructive Destruction

Refocusing Today's Resources on Tomorrow's Success

In a world of change, unprecedented opportunity abounds—but only for those who can shift their thinking from controlling the past to creating the future; from cutting costs to creating value; and from managing resources to unleashing their potential. *Break free from comfort-zone thinking and transform your future!*

Mastering the Tools of Change

Leading Radical (and not-so-radical) Change

This seasoned turn-around and business start-up consultant reveals the essentials for leading in a world of relentless change. Work with what you have, focus on imperatives, build momentum, and deliver results. *The nuts and bolts of leading transformational change.*

Championship Teams

Harvesting the Wisdom of G.R.E.A.T. Teams

Today's successful organization is agile—rapidly bringing together talent, focusing on imperatives, and delivering timely results. Unleash the potential of G.R.E.A.T. teams with today's leadership imperatives: goals, roles, environment, attitudes, and trust. *Transform your organization's agility and achievement.*

As the founder of several businesses, a four-time turnaround executive, and Fortune 500 marketing VP, Ron knows what it takes to successfully lead organizations through growth, turbulence, and change.

He's consulted to over 200 start-up businesses, authored two books on project management including the popular *The Complete Idiot's Guide to Project Management...*, created the DVD program *Acrobatics for Overachievers – Control-Point Time Management for Today's Ultra-Busy Professional*, and spoken to over 1000 groups in 47 states, Canada, Australia, and Russia.

Ron's programs help business leaders and managers deal with complexity and change, focus on imperatives, and lead effective collaborative teams: transforming intentions into tangible results.
